15 JASON EDWARD THOMAS  
16 CARDIFF,

17 Defendant.

Case No. 5:23-CR-00021-JGB

**DECLARATION OF JASON  
CARDIFF IN SUPPORT OF  
MOTION FOR  
RECONSIDERATION OF  
ORDER DENYING *EX PARTE*  
APPLICATION FOR AN  
ORDER EXTENDING  
INTERNATIONAL TRAVEL  
AND RETURNING HIS  
PASSPORT, OR IN THE  
ALTERNATIVE, TO MODIFY  
BOND CONDITIONS**

*[Filed concurrently with  
Declaration of Jason Cardiff and  
[Proposed] Order]*

**DECLARATION OF JASON CARDIFF**

I, Jason Cardiff, declare as follows:

1. I am a party in the above-entitled action. I have personal knowledge of the facts set forth herein. If called as a witness, I could and would competently testify to the matters stated herein. I make this declaration in support of Defendant's Motion for Reconsideration of Ex Parte Application for an Order Extending International Travel and Returning his Passport.

2. This declaration is submitted under the protections of *Simmons v. United States*, 390 U.S. 377 (1968) and the United States Constitution. Pursuant to *Simmons* and my constitutional rights, I would object to the use of this declaration for any purpose beyond the Court's adjudication of my Motion to Dismiss Indictment with Prejudice.

3. The Court entered an order on December 20, 2024 requiring that I remain in contact with and provide my location to Officer Sherrod every other day via video call. Ryan McClellan was assigned to replace Officer Jack Sherrod in or about November 10th, 2024.

4. I understood that Mr. McClellan was new to the office and was replacing Officer Sherrod..

5. When Officer McClellan replaced Officer Sherrod, there were difficulties getting in contact with him as he did not return calls. I documented my attempts to comply with the Order.

6. There are two sets of emails regarding Officer McClellan. The first set are forty four (44) emails between me and Officer McClellan. These included fifteen emails referring to arranging a video conference, two videos created by me that I sent to Mr. McClellan, and thirty (30) requests and questions asking if Officer McClellan needed anything or required information. The first set of documents are true and correct copies of emails I sent to Officer McClellan and are marked as

**Exhibit 1.** There was no way that I could force Mr. McClellan to work with me to

1 comply with the Order. Significantly, Officer McClellan never followed up on any  
2 of my requests for a video call. The second set of emails are true and correct copies  
3 of emails that I sent to Officer McClellan and are marked as **Exhibit 2**. Officer  
4 McClellan responded to only five (5) emails from Defendant, two of which were  
5 “out-of-office” notices.

6         7.       The Government notes that I told Pretrial Services that I was in good  
7 health. Without seeing the document, it is difficult to know the context of the  
8 question. Regardless, I did seek treatment from MDC Los Angeles on two occasions  
9 for pulmonary symptoms (the same I’m currently experiencing in Ireland) . I was  
10 given incorrect medication for the same pulmonary symptoms that have persisted  
11 over time but have progressed in the last several months after I had Covid. I do not  
12 have quick access to these records, but they exist and are readily and easily available  
13 to the DOJ. including but not limited to the visits on the internal B.O.P. logbook.

14         8.       I made a request for my hospital records from San Antonio Hospital  
15 regarding an incident where I was injured as a result of my pulmonary symptoms.  
16 In my prior declaration, I mentioned that I had ordered these documents. I have  
17 attached, as **Exhibit 3**, a true and correct copy of San Antonio Hospital’s email and  
18 records showing that the records were sent directly to me by the hospital. This  
19 email documents that the symptoms causing me injury were the same symptoms that  
20 I re-experienced here in Ireland, and was treating in 2023 prior to being indicted.  
21 The Government’s claim that I concocted these symptoms is simply inaccurate and  
22 untrue. These records will be submitted to the Court under seal concurrently with  
23 this Motion for Reconsideration.

24         9.       I did not agree to provide records to the Government prosecutors  
25 because the records are highly sensitive and personal. They can be easily exchanged  
26 between government agencies and leaked to bloggers or news media who have no  
27 compunction about reporting personal information regardless of its effect on me, my  
28 company and my wife and eleven year old daughter. I recall that during my bond

1 hearing, the Government made false statements to the effect that I went to Ireland  
2 to evade charges. That was untrue. Per the Permanent Injunction in the FTC case, I  
3 notified the FTC when I left for Ireland and updated them of my change of address  
4 to my addresses in Dublin. I have attached **Exhibit 4**, which is a copy of my  
5 reporting of my Dublin address and confirmation by the FTC (refer to the answer to  
6 Question #1 regarding address). Moreover, the case was sealed and I had no idea  
7 that I was indicted or that charges were going to be brought against me until I came  
8 to the United States to attend my father's funeral. Mr. Sebastian's statement was  
9 then repeated in Market Watch, a Dow Jones owned Company website as "Anti-  
10 smoking and male-enhancement drug maker charged with fraud after months on the  
11 lam." A true and correct copy of the banner headline in the Market Watch article is  
12 attached as **Exhibit 5**. This sort of reporting has negative consequences for  
13 shareholders of publicly traded companies, such as Redwood Scientific  
14 Technologies, Inc.

15 10. On January 14, 2025, agents of the Irish Garda confronted me in the  
16 parking lot of *my home* in Dublin (blocking my exit) and told me that they wanted to  
17 arrest me on an extradition warrant issued by the Government on October 23, 2023,  
18 almost two months before his arrest at LAX on this case. I showed the agents a  
19 copy of this Court's Order permitting travel. Detective Sergeant Murray told me  
20 that I could either be arrested and go with them or I could surrender my passport and  
21 my wife's passport. I had little choice so I surrendered the passports. I am suffering  
22 from serious health problems and his wife recently suffered a heart attack. Both of  
23 us were extremely upset and humiliated at being confronted with a warrant and  
24 possible arrest. Fortunately, our eleven-year old daughter was not present to  
25 witness this scene.

26 11. Attached as **Exhibit 6** is a true and correct copy of an email dated  
27 January 15, 2025 from Dr. H.B., along with his biography. The email states that Dr.  
28 M.S. requested an appointment with Dr. H<sub>4</sub>B., a specialist in respiratory medicine.

1 This is consistent with Dr. M.S.' treatment plan previously provided to the Court. A  
2 copy of the unredacted email will be provided to the Court under seal.

3 12. I complied with the FTC injunction disclosing my home address in  
4 Dublin, Ireland. I am President and CEO of Redwood Scientific Technologies, a  
5 publicly traded company located in the United States. My family and I have a home  
6 and a family life with my daughter attending school in the local area. I have no  
7 interest in becoming an international fugitive but want to address these charges and  
8 get on with my life.

9 13. This is a summary of my testimony. I reserve the right to supplement  
10 and/or clarify if called as a witness at trial.

11 22, I declare under penalty of perjury under the laws of the United States of  
12 America that the foregoing is true and correct.

13 Executed on the 16<sup>th</sup> of January 2025 . *Dublin Ireland .*

We're gonna contact the court today. We have turned in all the medical records for my physicians that I'm still not safe to fly and I have no form of medical insurance in the United States. They are not currently able to diagnose the respiratory problems or cardiac issues at hand and have deemed me unsafe to fly and now the latest I'm unsafe to drive so I'll keep you posted. I'm aware of the situation and then it is not granted

we have asked the court for additional time as my Health insurance is here in Ireland and we are still working with my medical team that does not want me to travel until such time they understand the severity of my issues.

The court has not responded as to the request I will send you the order as soon as it arrives. I am sure the Judge is very busy with end of year and the Holiday schedule in route.

**Subject:** Update and Introduction

Dear Jack,

Thank you for your time and for your professionalism. It has been a pleasure working with you.

Ryan, I look forward to working with you as well. As you are aware, we are awaiting the court's approval for my 30-day extension related to the ongoing medical issues. We have filed the necessary medical reports with the court *in camera*. Should the extension not be granted today, I am consulting with legal counsel to explore several alternative filings to protect my position and ensure full compliance with the court's orders. I will keep you updated as things progress.

You can reach me on my Irish number at **+353 89 604 9238** or my U.S. number at **+1 213 729 5646** (though reception in Ireland is limited). Please also feel free to contact me via email.

Regarding the monitoring device, I have ensured it is fully charged and operational. There appears to be a discrepancy between the DOJ's report to the court—which claims it does not function in Ireland—and what I have been informed, which is that it tracks accurately. Regardless, I have kept it on and fully charged as required.

Strangely, I sent an update yesterday, but either way, I remain committed to keeping all communication transparent and timely.

Thank you both for working with me during this challenging time. Your support is greatly appreciated.

Best regards,

Hello,

Pretrial does oppose this length of time. Currently we have waived Mr. Cardiff's contacts for six (6) months. We cannot waive any longer than that, he must have a personal in person contact done in February 2025.

If Mr. Cardiff is going to be out the country for an additional four (4) months, and given the he is currently not being monitored via ankle monitor's, we suggest approaching your Court regarding some form of unsupervised PreTrial supervision.

However under his current bond conditions, we do oppose this motion.

**CAUTION - EXTERNAL:**

Mr. McClellan:

We intend to seek another extension of time from the Court regarding Jason Cardiff's current medical condition. We have received an updated report from Dr. M.S. who still finds that Mr. Cardiff is still unfit to travel by air and has been undergoing testing and evaluation. Further testing has been conducted and Dr. Stafford has recommended a 3 to 4 month period of further testing and treatment. She further determined that it would pose a medical risk to Mr. Cardiff's health and safety if he does not receive this treatment. Pertinent medical records will be submitted to the court for in camera review.

As the current order requires Mr. Cardiff to return on January 19, 2025, we will be filing an Ex Parte Application to Extend Travel tomorrow afternoon.

Can you advise whether Pretrial Services opposes or supports this request?

<sup>1</sup> Result Comment: Critical results called to DEBRA SERBENICK by DSP @ 1/26/2016 23:04:32 PST. Results read back.

<sup>2</sup> Interpretive Data: D-DIMER CUT-OFF TO RULE OUT DVT/PE: < 500 ng/mL (FEU)

Clinical performance in the evaluation of DVT/PE:

A value of 500 ng/mL (FEU) was utilized as a cut-off value with D-Dimer results of greater than or equal to 500 ng/mL (FEU) considered positive and results of less than 500 ng/mL considered negative.

Patients with positive D-Dimer test results with high pretest probability of DVT or PE underwent serial compression ultrasound (CUS), Helical CT scans, and/or angiography. The overall prevalence in the total population studied was 10.1% (56/556) and 23% (222/965) respectively.

Some studies have shown that normal pregnancy causes a progressive increase in circulating D-Dimer. Interpret with caution.

<sup>3</sup> Interpretive Data: eGFR result reported in ml/min/1.73m<sup>3</sup>

If patient is African-American, please

multiply the result by 1.210.

Stable creatinine presumed. Ignore eGFR

in dialysis patients. Interpret with

caution in patients with acute renal failure.

<sup>4</sup> Interpretive Data: Reference Ranges:

Fasting Oral GTT (2HR)

NORMAL <100 mg/dl <140 mg/dl

PREDIABETES >100 to <126 mg/dl >140 to <200 mg/dl

DIABETES >126 mg/dl >200 mg/dl

American Diabetes Association "Diagnosis and Classification of Diabetes Mellitus" Diabetes Care, Volume 36, Supplement 1, January 2013

All pregnant patients not known to be diabetic should be tested with the 75 gram OGTT between 24 and 28 weeks gestation.

#### Radiology Reports

Exam Date Time	Procedure	Performing Provider	Status
1/26/16 10:25 PM	CT Head or Brain w/o Contrast	Lee RT, David T;	Auth (Verified)

Notes:

(CT Head or Brain w/o Contrast) Reason For Exam: trauma syncope fall;trauma

REPORT

CT SCAN OF THE HEAD WITHOUT IV CONTRAST

Clinical History: 40 yom reportedly passed out at approximately 1930 tonight, while sitting on barstool with wife, eating dinner. Pt reportedly was unconscious for 15 seconds. Pt claims he coughed aggressively 2 mins before passing out, but denies CP, palpitations, SOB. Believes he may have passed out three days ago while sitting on sofa after coughing severely ("blacked out for maybe a second")

Technique: Axial images were obtained on a CT scanner. Coronal reformations were created from the axial images.

CTDI volume (mGy) = 64.4

DLP (mGy cm) = 1198.3

Comparison: None

Findings: There is no hydrocephalus or midline shift. The basal cisterns are patent. The gray-white matter differentiation is intact. There is no intracranial hemorrhage.

The visualized paranasal sinuses are clear. The mastoid air cells are clear. There is opacification of the visualized portions of the ethmoid air cells. There are air-fluid levels in the maxillary sinuses bilaterally and the right sphenoid sinus. There is partial opacification of the right frontal sinus.

There is scalp swelling along the right frontal convexity.

IMPRESSION:

Opacification and air-fluid levels of the visualized portions of the paranasal sinuses possibly reflective of acute sinusitis. However in the setting of trauma maxillofacial fractures cannot be excluded. If clinically indicated recommend further evaluation with maxillofacial CT.

Scalp hematoma.

No intracranial hemorrhage.
